## INVESTMENT STRATEGY

The following guidance is issued as per the Governance and Accountability for Local Councils 2010, Appendix 8 – Local Government investments. The Guidance applies with effect from 1 April 2010 and applies to all local authorities in England.

### **1. Preparation for an Investment Strategy**

1.1 It is recommended that for each financial year a local authority should prepare at least one investment strategy.

1.2 The Strategy should set out the authority's policies for the prudent management of its investments and for giving priority, firstly, to the security of those investments and, secondly, to their liquidity. It should therefore identify the procedures for monitoring, assessing and mitigating the risk of loss of invested sums and for ensuring that such sums are readily accessible for expenditure whenever needed.

### **2. Approval**

2.1. The Strategy should be approved by the full Council.

2.2. The Strategy should be approved before the start of that financial year.

2.3 The Strategy can be revised at quarterly intervals subject to the same process of approval.

2.4 The Strategy should be available to the public at £1 for a hard copy and also be available on line.

### **3. Investment Security**

#### **Specified Investment**

3.1. The investment is denominated in sterling and any payments or repayments in respect of the investment are payable only in sterling.

3.2. The investment is not a long term investment.

### **4. Investment Management**

4.1. The management of investments are revised quarterly.

4.2 That specified monies invested are suitably risk assessed against expenditure throughout the financial year.

4.3. The investment of the General Fund is revised 6 monthly.

4.4 The investment of Earmarked Reserves is revised in accordance with expenditure.

4.5. The investment of the Precept is revised in accordance with expenditure as per 4.1.

### **5. Risk Assessment**

5.1. Investments prudently committed with no loss whatsoever to the capital.

5.2. Investments are prudently committed with total regard to expenditure and projects in hand.

5.3 Investments are prudently committed with a suitable risk assessment with regard to completing the term initially invested for.

### **6. Method of Approval of Investments**

6.1. Each investment must be approved by the Town Council in conjunction with recommendations of the Finance, Personnel and Assets Working Group.
