

Stamford

Town Council

Allotment Rent Increase

From October 2024 plots will be charged at **22p per square metre**.

Rents will continue to be charged annually. No refunds are given if tenancies are terminated by either party, unless subject to rule 8.9 of the Allotment Rules and Regulations. All invoices must be paid within 40 days from date of issue.

When an allotment tenancy is given up, the tenant must complete a Surrender of Allotment Tenancy Form. The plot must be left in a reasonable state and tidy. All structures and personal belongings must be removed from the site by the date provided below.

If a plot is left in an unacceptable condition, Stamford Town Council will carry out any work required to bring the plot back to a reasonable state (i.e., remove debris and structures). Any costs incurred in doing this will be recovered from the outgoing tenant under section 4 of the Allotments Act 1950.
